## Civil Service Policy Training

Westminster Explained (part of Dods Training) is a market-leading civil service policy training provider and a chosen supplier of UK Central Government.

On behalf of Civil Service Learning and The Policy Profession Support Unit, we deliver over 500 programmes each year, to central government's policy profession, fast streamers and those civil servants who work closely with Ministers.

Westminster Explained is a Prime Supplier to Civil Service Learning and delivers a wide range of workshops to the UK Policy Profession.

As well as expert trainers, we complement our courses and conferences with expert insight from Parliamentarians, Ministers, Private Office staff and industry specialists from across Government and the private sector.
